**(54) MOUNTING  
STRUCTURE OF RFID TAG  
AND MOUNTING METHOD  
OF RFID TAG**

(57) Abstract:

**PROBLEM TO BE SOLVED:** To provide a mounting structure of RFID tag and mounting method of RFID tag capable of ensuring safety and allowing a reliable product management by setting an RFID tag on the neck ring of a gas cylinder and reading the information stored in the RFID tag.

**SOLUTION:** In this structure, a mounting groove part 4 is formed in the neck ring 2 of the gas cylinder 1, the RFID tag 5a having a cylindrical antenna coil 10a is housed in a split type vessel 6, and the vessel 6 is inserted and fixed to the mounting groove part 4 in the state where it covers at least the surface side of the RFID tag 5a.
